International Group on Reliability

http://Gnedenko-Forum.org/

Dear colleagues!

In 2005 the informal Association of Experts in Reliability, Applied Probability and Statistics (I.G.O.R.) was established with its own Internet website GNEDENKO FORUM. The site has been named after the outstanding mathematician Boris Vladimirovich Gnedenko (1912-1995). The Forum's purpose is an improvement of personal and professional contacts between experts in the mathematical statistics, probability theory and their important branches, such as reliability theory and quality control, the theory of mass service, storekeeping theory, etc.

Since January 2006, the Forum has published a quarterly international electronic magazine

"Reliability: Theory and Applications".

The magazine is registered with the Library of Congress in the USA (ISSN 1932-2321). All rights reserved for authors so that articles can be freely published in any other publications or presented at conferences.
